Survey Questionnaire
APPENDIX C

Survey Questionnaire

Introduction

Hello, my name is__________, I work with ARINC, an independent research firm, under contract to the Bureau of Engraving and Printing. We’re conducting this study in order to get a better understanding of how blind and low vision people use U.S. currency. Your answers to questions about your experiences using U.S. currency may contribute to changes that could help individuals with visual impairments in the future.

It’s most important to remember that we are not testing you! We’re studying currency, and how well it works for people who are blind or have visual impairments. So we hope you won’t feel any pressure.

Please type your responses right into the document, and return it via email to: ________.com. If you have any questions related to the survey, please call me at ________.
