As older notes reach the Federal Reserve from depository institutions, they will be replaced by the newer notes.</p> <p>This multi-year introduction of the new currency is necessary because of the time-intensive processes involved in engraving and producing the new designs. Sufficient inventory will be produced to ensure world wide availability of the new series.</p> <p>The Bureau of Engraving and Printing will provide machine manufacturers with new notes so they can prepare vending machines, ATMs and other cash-handling equipment. While machine manufacturers will have to make modifications to accommodate the new bills, they will have a broader field of machine-readable features from which to choose to authenticate currency.</p> <p>In conjunction with the Federal Reserve, the Treasury Department will conduct a worldwide public education campaign with two primary objectives: communicate to the general public that there will be no recall or devaluation; and provide information about authenticating the new series to the public as well as central banks, depository financial institutions, other cash handlers and law enforcement agencies.</p> <p>The description has exceeded the character limit.</p>	BEP FOIA

35	11/26/2024	2025-BEP-00040	McCullough, Irvin	Government Accountability Project	<p>From June 1, 2023 through January 1, 2024, I request a sample of up to 10 completed FOIA case files from your office's FOIA tracking system where scope clarification occurred. Each case must have all of: (1) a written agency response seeking clarification about the scope of records sought; (2) a written requester response that clarified the request; (3) a final determination letter; and (4) a case closure date within the specified date range.</p> <p>For each of these case files, I seek only: (1) the initial FOIA request; (2) the agency's scope clarification letter (or email or similar record); (3) the requester's clarification response or the request as it was ultimately processed; (4) and the final determination letter.</p> <p>Specifically, for a sample of requests where clarification was needed, I'm looking for the original request, the rationale for clarification, and the clarified request. I am studying how agencies and requesters work together to clarify and refine requests, so I need only the substance of these communications, not any personally identifying details.</p> <p>To reduce processing time and protect privacy: please exclude any Privacy Act requests, cases where clarification was sought solely about fees, and cases where the requester never responded with clarification. And please redact all personal information (names, addresses, emails, phone numbers). If your office cannot find 10 completed case files with these criteria, please send as many case files as you can find that do.</p>	BEP FOIA
