31	09/22/2025	2025-BEP-00162	Ludloff, Christian	-	Your BEP Monthly production report for March 2025, linked from your public website, shows \$2 notes printed, but with a series letter of 'Q' - this appears to be an error, since \$2 notes do not use series letters. Furthermore, your BEP monthly production report for August 2025, obtained by someone in paper form via a FOIA request (possibly 2025-BEP-00135 or close by), also lists those exact same \$2 notes. That is, it repeats the mistake of the extraneous 'Q' letter... and it is giving the impression that you printed these notes twice, within the exact same serial number ranges. A mistake at best. Fraud at worst. I hereby therefore request all of the following: 1) Please review all of your 2025 reports for correctness. 2) In particular, please correct the \$2 'Q' series letter error. 3) In particular, please correct the March/August duplication. 4) Please resume the multi-decade practice of linking the reports from your public website, to help with trust in U.S. paper currency.
