27	2023-BEP-00017	Peterson, Kyle	The Wall Street Journal	Granted in Full	Good afternoon, In June 2021, President Biden signed an executive order directing federal agencies to "increase the availability and use of diversity, equity, inclusion, and accessibility training programs for employees, managers, and leadership." Under the Freedom of Information Act, I am requesting copies of any training materials presented to employees, managers or leadership on the topic of diversity, equity, inclusion and accessibility. Please begin the search on Jan. 1, 2022, and end the search on the date that the request is fulfilled. Please include trainings regardless of whether they preexisted President Biden's executive order mentioned above. To the extent that participation in such trainings is statistically tracked, please provide that data as well. I am also requesting any vendor contracts, agreements or proposals related to the creation and/or presentation of those training materials. Please consider waiving fees, since the information is being sought in the public interest by a media organization. If there are fees for this request, please advise before it is fulfilled. 29	2023-BEP-00037	Stanley, Chris	Functional Government Initiative	Granted in Full	During the OIA's search for and review of responsive records to Requestors Request: FGI requests records for calendar years 2018, 2019, 2020, and 2021 of the total aggregate hours of leave used by all employees from all federal agencies for which the National Finance Center processes the transactions in the following categories: • Annual leave • Restored leave • Compensatory time • Sick leave • COVID emergency leave • Family medical leave • Administrative leave We are request that the leave information be separated by federal agency (top level agency would be good, e.g., a department but not all its bureaus, agencies, and offices). Also, please provide the data by year and pay period for each leave category. Please note that in asking for records of "the total aggregate hours of leave used," FGI is not asking that any specific employee's leave or any other personally identifiable information (PII) be provided. Some of the records expected for my pending FOIA request 2022-OCFO-02265-F, submitted on February 20, 2022, would also be included in the records requested here. That request could be merged into this new request if that would speed the overall processing. If the previous request is nearing completion and release, please complete that one and release those records and omit USDA from this request. OIA determined that twelve (12) pages of responsive records contain equities that originated with the Department of the Treasury, Bureau of Engraving and Printing (BEP). These records are responsive to the portion of the request which seeks, for calendar years 2018, 2019, 2020, and 2021, the total hours of leave used by employees of federal agencies for which the National Finance Center (NFC) processes leave transactions. The records consist of hours of leave used by employees of the BEP from 2018 through 2021. These records are being referred to the BEP pursuant to 7 CFR § 1.4(e)(2). We ask that the BEP respond directly to the requester regarding the records.

Also include all requests and motions for reconsideration made by the complainant to any/all EEOC Specialists, Investigators and the Administrative Judge along with the defendants' and judges response(s). I am the Complainant in the above named EEOC claim. I know the documents and records exist as the EEOC has advised me that a full hard copy of the original hearing records was sent to the BEP via 1st class mail in 2010. Because there was a claim associated with the EEOC case that had been pending in the U.S. District Court for the District of Columbia in Washington, D.C. from 2009-2023 the documents should have received a 'Litigation Hold'. The records should not have been destroyed due to the agency's retention and destruction policy. If this office no longer maintains the records due to a retention schedule, I would like to request information on where the records were moved, transferred or stored including the dates the records were moved or transferred; the names of the offices; the names of the records officials and contact information. If the documents have been destroyed I would like a FULL description of the search efforts and PROOF of search and destruction for any and all documents/records and administrative files specific for this FOIA request, from the start date of processing until the request for destruction including but not limited to databases, email accounts, the date range of the search from the start of the case up until the date the search is performed; the dates any documents were destroyed; staff names of those who conducted the searches; staff names of who approved the destruction of the documents/records; office names involved in maintaining the documents/records; office names involved in the destruction of the documents/records.
